

3/26/2019

Hello

We are in need of a new storage container for the FFA chapter. The container we have now was donated by a parent many years ago. The purpose of the container is to store show supplies, metal and wood for shop projects, and to provide a secure storage area for booster club items. I have priced the containers from several different vendors. This is what we need:

40' secure, water tight storage container
Additional roll up type door to access the container
Delivery to Cinco Ranch HS
Removal of the old container

The cost of this is between \$3500-\$4000. We are in the process now of pooling money with the booster club and FFA chapter to see if we can make this happen. I am sharing with the parent group to see if anyone has a contact or source that would be willing to help with this. We are looking for donation of services or donation of money to pay for services.

If you know of someone that would be willing to help with this please contact me directly;

John Ford larryjford@katyisd.org

Thanks for all you do to make our program successful. We are closing in on the end of the school year. I look forward to seeing each of you at the end of year FFA banquet on May 9, 2019 at the Gerald D Young Ag Center.

John
